**MOFCOM Scholarship Programme in China – 2026**  
**Master Programme of Electrical Engineering – Xi'an Jiaotong University**

The Government of the People's Republic of China has invited nominations from eligible government sector officials for the above-mentioned scholarship programme. Detailed information on the programme, together with the 2026 Enrolment Guide, including eligibility criteria, scholarship coverage, and application procedures, are annexed herewith and will also be made available on the Department of External Resources (ERD) website ([www.erd.gov.lk](http://www.erd.gov.lk)).

This programme is designed to equip participants with functional expertise, strategic perspectives, and public policy management competencies required to operate effectively in a dynamic and evolving environment. It further provides an opportunity to gain valuable insights into both the achievements and challenges of China's policy-making processes, thereby enhancing participants' understanding of development practices.

Accordingly, you are kindly requested to circulate the programme details among the Departments, Divisions, and Institutes gazetted under your purview and to forward suitable nominations to the ERD. Nominations should be submitted in compliance with TA Circular No. 2013/2014(ii) dated 24 October 2013 of the Ministry of Finance and Planning, together with the following documents:

- Nomination Letter from the respective Ministry (covering letter with recommendation)
- Duly completed Application Form (computer fillable version), downloadable from [www.erd.gov.lk](http://www.erd.gov.lk)
- Soft copy of the completed Application Form in Word format, with an inserted electronic passport-size photograph (to be emailed to [info@erd.gov.lk](mailto:info@erd.gov.lk))
- Physical Examination Form (downloadable from [www.erd.gov.lk](http://www.erd.gov.lk))
- Duly completed ERD Form (downloadable from [www.erd.gov.lk](http://www.erd.gov.lk))
- One coloured scanned copy of the passport (bio-data page), valid for at least six months from the commencement date of the programme
- All other documents specified in the application procedure outlined in the attached information document, and any other documents required under the respective university application process.

Applicants are further required to submit their applications through the online application system of the respective university, in accordance with the relevant enrolment guidelines. In addition, applicants are requested to access the China Scholarship Council (CSC) online application portal ([www.campuschina.org](http://www.campuschina.org)) and register under "Scholarship Application for Students." Applicants should carefully adhere to the application procedures stipulated in the 2026 Enrolment Guide.

Applicants are advised to ensure strict compliance with all eligibility criteria specified in the Enrolment Guide, including academic qualifications, age limits, and service requirements, where applicable.

It is also kindly requested that each nomination be duly certified and endorsed by the Head of the respective Department/Institution, confirming that the applicant meets all eligibility requirements and that the nomination is submitted with official concurrence.

Please ensure that complete applications are submitted to ERD on or before **4:00 p.m. on 12 May 2026**. Ministries are kindly requested to complete their internal screening and approval processes sufficiently in advance to facilitate timely submission. Only duly completed applications (items i–vii), received on or before the stipulated deadline, will be considered. Incomplete or non-compliant applications will not be processed.

Applications received by ERD will be forwarded to the Economic and Commercial Office of the Embassy of the People's Republic of China in Sri Lanka for the selection process. Shortlisted candidates will be informed in due course regarding the subsequent steps of the admission process.

For any clarifications relating to the application procedure, applicants may contact the Department of External Resources through the designated focal point of the Ministry/ institution.

Please note that, upon confirmation of selection, nominees are expected to honour their acceptance and refrain from withdrawal except under exceptional and unavoidable circumstances. As these opportunities are extended for the benefit of the country, withdrawals after selection may adversely affect Sri Lanka's standing and result in the loss of valuable training opportunities, while depriving other deserving officers. Accordingly, Ministries and applicants are kindly requested to ensure that nominations are submitted only with a firm and unconditional commitment to participate.

The Government of the People's Republic of China will provide a full scholarship covering the following expenses:

- Tuition fees
- Accommodation
- Round-trip international airfare
- Living allowance in China
- Medical insurance

The following expenses shall be borne by the applicant:

- Passport and visa fees

As the required information is to be submitted to the Embassy of the People's Republic of China within a limited timeframe, your kind cooperation in expediting the nomination process would be highly appreciated.

### **i. Basic information**

#### **1. Brief Introduction**

Academic Education Programs sponsored by the Ministry of Commerce of People's Republic of China is designed in 2008 to foster high-end business officials and managerial personnel for the recipient countries, offering one-year and two-year master programs as well as three-year doctoral programs for the purpose of educating high-end and inter-disciplinary talent working in the applied fields of government, trade, foreign affairs, agriculture, technology, education, culture and health, building intellectual capacity and facilitating the economic and social development of the recipient countries. These programs provide assistance to governmental officials, research fellows, and senior managerial personnel on their master and doctor education in China, which are fully conducted in English. Admission requirements include a bachelor's degree, relevant working experiences, and decent physical conditions, essential for the high-compact curriculum needed for the degrees.

This program is playing an increasingly important role in economic and trade cooperation between China and graduates' home countries, getting high attention from the government.

Oriented by the national strategic need and international academic frontier, School of Electrical Engineering at Xi'an Jiaotong University focuses on the 3 national key secondary disciplines, including Electric Machinery and Electric Equipment, High Voltage and Insulation Technology, and Power System and Automation. Based on these disciplines, the school established 4 additional scientific directions including Dielectrics and Electrical Insulation, Advanced Power Equipment, Pulsed Power and the Discharge Plasma, and New Energy Power System. Those directions do not only cover the construction of UHV and smart grid power and equipment manufacturing, but also extend to the fields of national defense, space, marine and so on.

As for the positive effects and good results brought by these programs in strengthening economic ties and friendship between China and the recipient countries, the Ministry of Commerce of People's Republic of China will continuously intensify its efforts in enlarging

Academic Education Programs sponsored by the Ministry of Commerce of the PRC the enrollment scale and improving the quality of education. We believe that by attending the programs and achieving the degrees, you will embrace a successful career and brighter future.

## **2. Prospective Students**

Our prospective students are mid-to-senior level officials or managers from the government, universities, and other institutes, who have demonstrated superior performance, both academically and in their work.

## **3. Program Objectives**

The program aims to cultivate high-level, interdisciplinary, and application-oriented leading talents in the power industry from the Belt and Road partner countries and African countries that are not part of the Belt and Road initiative. The program contributes to the joint effort of China and participating countries to advance technological progress in the power and energy industry, thereby supporting power development worldwide.

## **4. Enrollment Plan**

Major: Master program of Electrical Engineering

Seats: 15

Teaching language: English

Length of Program: 2 years

## **5. Sponsorship**

(1) Free of tuition fee, teaching materials, research, thesis defense and other instruction expenses.

(2) Free on-campus accommodation.

(3) Living allowance: 36,000 RMB/year for master. The university will grant the living allowance MONTHLY based on the actual stay of the student being in China.

(4) Settlement allowance: 3,000 RMB.

(5) Comprehensive medical insurance.

(6) International flight ticket: 1 round ticket for 2-year program with 1 home visit round ticket.

(7) All students must join the annual evaluation to get qualification for next year's scholarship.

Academic Education Programs sponsored by the Ministry of Commerce of the PRC

(8) Instead of issued to students, other expenses will be organized by Ministry of Commerce or University. Scholarship will only be offered for standard study duration, extension caused by students' personal reason will not be covered by scholarship.

## **ii. Xi'an Jiaotong University**

### **1. Brief Introduction to Xi'an Jiaotong University (XJTU)**

Xi'an Jiaotong University (XJTU), is the national key University directly administered by the Ministry of Education of China. It is the top 10 Research University in China and member of China's Ivy League --- C9 League. It is ranked No. 92 on the list of 2025 Academic Ranking of World Universities.

XJTU is a comprehensive research university with 11 major categories of disciplines: science, engineering, medicine, economics, management, humanities, law, philosophy, art, education, and interdisciplinary, and 35 schools, 9 colleges for undergraduates and 3 affiliated teaching hospitals. There are four campuses, namely Xingqing campus, Yanta campus, Qujiang campus and China Western Science and Technology Innovation Harbour, with a total area of about 3.33 million square meters.

The University now has 62,089 full-time students, including 25,595 undergraduates, 32,565 postgraduates. XJTU offers 77 undergraduate majors, and there are 43 first-level disciplines authorized to confer doctorate degrees, and 45 disciplines authorized to confer master's degrees.

According to the data released by Essential Science Indicators (ESI) in 2025, Engineering programs of XJTU are ranked top 1‰(No.8 globally), other 18 disciplines of XJTU are ranked top 1% and 6 disciplines of XJTU are ranked top 1‰. Its Management School and Law School are accredited for the QS FIVE STARS. Electrical Engineering and Power Engineering and Engineering Thermophysics are accredited the BEST SUBJECT of its kind in China by SHANGHAI RANKING. XJTU offers undergraduate, master's, doctoral, and visiting scholar programs in its advantageous disciplines and enrolled international students from all over the world.

XJTU established extensive international communication ties with about 300 universities and research institutions from 44 countries and regions. It initiated the University Alliance of the Silk Road and built an international platform of educational cooperation and communication for more than 180 universities of 40 countries and regions.

Academic Education Programs sponsored by the Ministry of Commerce of the PRC

Adhering to the principle of Chinese characteristics and striving to be the world-class, XJTU is committed to cultivating outstanding talents who advocate science, seek for innovation, and have a strong sense of responsibility and global vision. As of 2025, there were a total of 4,484 international students from 128 countries studying in XJTU. In 2024, XJTU was awarded the A+ of Higher General Education Accreditation for International Students in China which will last for 8 years.

The University is in Xi'an—the geographical center of China, the starting city of Silk Road as well as the capitals of 13 dynasties in Chinese history. It is not only home to Terra Cotta Warriors and Horses and Huashan Mountain but also home to more than 100 world top 500 companies' branches. It is a hub of AI, aerospace, biotechnology, photoelectric chip, information technology, new materials, new energy, intelligent manufacturing etc. Its brilliant History, glorious culture, high-end technology, and friendly environment for realizing the dreams bring Xi'an into one of the most selected destinations for study in China.

## 2. School of Electrical Engineering

The predecessor of the School of Electrical Engineering is the Department of Electrical Machinery in Nanyang College, which was founded in 1908 and is the earliest and most complete electrical engineering college in China.

Under the guidance of the “Three Orientations”, the school adheres to the principle of “Educating People with Virtue”, actively connects with the national major energy strategic needs, and implements the development strategy of “Electrical Plus”. The main discipline of the school is electrical engineering, which covers Control Science and Engineering, Instrument Science and Technology. The electrical engineering is evaluated as A+ discipline by MOE in 2016 and was selected for the nation’s “Double World-Class Project”. The school consists of first-class faculty and a number of world-class research teams which gathers 5 academicians and more than 27 national talent plan selected scholars. There are about 1,600 undergraduates and 2,400 postgraduates. The school has the State Key Laboratory of Electrical and Power Equipment, the National Electricity and Electronics Teaching Base for Basic Engineering Courses, and 11 provincial talent training and scientific research bases. The school establishes joint research institutes with the State Grid Corporation of China, Northwest Institute of Nuclear Technology, Chint Group, etc., building a large platform for cutting-edge scientific research and creating a new mechanism for the integration of science and education. The school concentrates on the research and development in the areas of new electrical materials, advanced

Academic Education Programs sponsored by the Ministry of Commerce of the PRC electrical equipment, new-generation electric energy systems, pulsed power and plasma, and actively promote cross-disciplinary research on materials and life, as well as their applications in energy storage and medicine. In the past 15 years, the school has won 10 second prizes of National Scientific and Technology Achievement Award and participated in 2 special prizes of national Science and Technology Progress Award. The school cultivated many high-quality and leading talents with solid basic theories, strong practical engineering ability, a sense of social responsibility, innovative spirit and international competence. The graduates from the school have become the backbone of China's power and energy development, among them, 34 are academicians of the two academies and 24 are selected into the national talents' plans.

### **3. Introduction to the Living Environment and Conditions for Students**

Xi'an, the capital of Shaanxi Province, is an important city in the western region of China and a significant national base for scientific research, education and industry. Moreover, Xi'an was designated as a "World Historical City" by UNESCO in 1981 and is the starting point of the Silk Road. Throughout history, 13 dynasties have established their capitals here.

Xi'an has a semi-humid continental monsoon climate with distinct four seasons of cold and warm, dry and wet. The annual average temperature is 13.0°C to 13.7°C, with the coldest month of January averaging -1.2°C to 0.0°C and the hottest month of July averaging 26.3°C to 26.6°C.

The cost of living in Xi'an is not high, and it is economical and affordable, with good quality and low prices. It is especially famous for its various kinds of local snacks.

Accommodation standards: The school provides single rooms in on-campus apartments for students, equipped with air conditioning, heating, and independent bathrooms. Each campus has 2 to 6 student canteens, including 1 to 2 Muslim restaurants.

### (2) Teaching Staff

There are 237 faculty and staff members in School of Electrical Engineering including 2 academicians, 4 winners of “National Science Foundation for Distinguished Young Scholars”, 3 winners of “National Science Foundation for Outstanding Young Scholars”, 3 Shaanxi Province outstanding teachers, 23 New Century Talents, 52 professors, 2 researchers, 55 associate professors, 16 senior engineers, 3 Double hired academicians, and 5 overseas part-time professors. The school also has an innovation research group of National Natural Science Foundation, a national teaching team, a innovation team of Ministry of Education, a Shaanxi Province innovation team, a Shaanxi Province outstanding teaching team.

### 2. Teaching Methods

All of the courses for foreign students are given in English. The training mode adopts supervisor responsibility system. According to the students’ Specific situations and personal interests, their supervisors will make a training plan for them in the first semester.

### 3. Term Arrangement

Students will study at the school for 2 years, consists of 4 semesters. The courses are given in the first 3 semesters, and student start to write dissertations from the first semester.

### 4. Graduation Thesis

Academic Education Programs sponsored by the Ministry of Commerce of the PRC

### **(1) Requirements on Thesis Writing**

a. After the completion of dissertation and meeting the requirements of the program, the postgraduate student can submit his or her academic dissertation for review.

b. The dissertation should be finished by the student him/herself under the guidance of the academic supervisor. The work duration for a Master's dissertation is around one academic year.

c. Student's dissertation can be written either in Chinese or in English. Students who write their dissertation in Chinese, must follow the rules and regulations specified in *Graduate Student Dissertation Standard of Xi'an Jiaotong University*; while students who write their dissertation in English, must meet the international conventions and have a Chinese abstract.

d. The dissertation used for applying for the degree must be first authored or second authored by the student (when the student is the second author, the first author must be his or her academic supervisor) and Xi'an Jiaotong University should be the first authored institution.

### **(2) Requirements on Thesis Defense**

International postgraduates are required to submit the dissertation review applications to the academic school and the Graduate School. Upon the approvals of the two, routine reviews can be conducted. The student can file an application for dissertation defense only after the reviewers confirm that the dissertation satisfied the requirements. After the student defends his/her dissertation successfully, he/she can apply for conferring a degree.

## **5. Degree Awarding**

The Subcommittee for Academic Degrees Conferring of the academic school will review the degree application materials to decide whether to confer a Master's degree to the student. The decision of the subcommittee's will be reported to the University Committee for Academic Degrees Conferring where the final decision will be made. The School of International Education issues the graduation diploma to those who are conferred upon the degree. Certificate of course completion will be issued to those who are not qualified to get the degree.

The programs are playing a more and more important role in stimulating economic cooperation between China and students' home countries, which the host governments are attaching great attention to this program.

MOFCOM Scholarship-CSC Program is set up by Ministry of Commerce of People's Republic of China to further strengthen the communication and cooperation between China and other countries as well as to develop talents for developing countries. Starting from 2015, MOFCOM Scholarship-CSC Program mainly sponsors the young and the middle-aged talents from recipient countries to pursue their postgraduate degree education in China. China Scholarship Council is entrusted to administer the Scholarship.

#### **II Supporting categories**

MOFCOM Scholarship-CSC Program supports Master program and PhD program.

#### **III Educational purpose**

To cultivate high-level, versatile and application-oriented talents in the fields of politics, economy and trade, diplomacy, agriculture, science, education, culture and health, energy and transportation, and public administration.

#### **IV Enrollment Plan**

Designated universities and majors of this program is included in the attachment. Length of scholarship will be settled when admission is completed, which accords to the enrolled length of schooling, which shall be 2 or 3 years for Master Recipients and 3 or 4 year for PHD Recipients. Scholarship recipients must register for English-taught program.

#### **V Scholarship Coverage**

1. Students are exempt from tuition fee, teaching material fee, research and survey fee, allowance of English-taught program, dissertation guidance fee;

2. Free on-campus accommodation;
3. Monthly stipend:
  - 36000RMB per year per master student,
